Secretary of Defense Chuck Hagel and Chairman of the Joint Chiefs of Staff Gen. Martin Dempsey made their final push in support of administration's FY 2015 budget proposal at a Senate Appropriations Defense Subcommittee hearing on June 18. DOD witnesses emphasized that the current budget environment required personnel accounts to be trimmed to preserve military readiness.

They restated their support of **administration proposals to**

- **Cap military pay**
- **Hike TRICARE pharmacy fees**
- **Consolidate TRICARE options**
- **Increase out-of-pocket housing costs**
- **Cut the commissary subsidy.**

Sen. Lindsey Graham (R-S.C.) echoed his support for making cuts to military personnel programs, insisting that personnel costs consume 50 percent of the defense budget.
